TO WHOM IT MAY CONCERN

Duraj & Reck represented BRL Center-Polska Sp. z o.o. (owned by Penta), company operating a chain of pharmacies under **Dr.Max** brand, in the process of acquisition of **Partner Pharma Sp. z o.o.** in 2013.

Tomasz Duraj and his team provided us with legal due diligence services, led us through antitrust process, represented us before Polish competition authority and organized the merger of the companies.

On behalf of the Penta and Dr.Max team, I would like to express our overall satisfaction with Duraj & Reck services during the entire process, which went very smoothly. We appreciate their commitment and efficiency (e.g. obtaining of the antitrust clearance within one month from filing and fast process of merger).

We are pleased to recommend Duraj & Reck Law Office as they acted enthusiastically, professionally and with the utmost care.
